

International Video Competition

The aim of the competition: collecting materials from all sections around the world and create an international movie data bank . With the videos we will produce an international IPA film that will show the activity around the world.

The intended outcome of the project is to obtain high quality video from a wide variety of Sections, and then take selected parts of the competition videos to produce an information video about the IPA that can be distributed to all of the Sections as a promotional and recruiting aid, and placed on the IAC website and all National one.

The content will have an introduction of the country, and then a segment on the police and another segment on the Section IPA members and events.

The IPA Video Competition will be launched in **2016** in the World congress N.Z to conclude at the **2018** World Congress. This project needs to be announced early to allow Sections time to obtain the video footage from events being held within their countries in order to prepare their formal competition entry.

There would be three cash awards as well as merit awards. The cash awards will be split as **400 Euro, 300 CHF and 200 Euro**.
